

Math 275 - Spring 2016

Homework 2

Due February 16, 2016

We think of infinity as a really big number, but its not. Its endlessness. Endlessness is a really strange idea in a universe that is defined by its endings. —John Green

Turn in: 3.18, 4.3, 4.6, 5.5, 5.10

Recommended: (Don't turn in) 4.1, 4.5, 4.7, 5.1, 5.4, 5.11, 5.13
