

My art show will focus on graphic design posters, specifically those from the **Art Deco** period and work inspired by it. Featured artists will include Henri Privat-Livemont, Charles Gesmar, Adolphe Jean-Marie Mouron (Cassandre), Sven Brasch, Mark Bender and more.

The exhibition, titled *More Deco*, will be held at **The Museum of Graphic Art & Design** in Paris, France. The accompanying website will reflect the Art Deco aesthetic with bright colors, streamlined forms, and elegant sans-serif typography inspired by the era's iconic posters.
